

Welcome!

Blue-Green Algae

Ordering Guide

New Earth offers an extensive collection of super high quality nutritional support products. This guide provides information on just the very basic products as a good way to get started.

Email me, Felicia, with any questions at any time during the process: fc@lifelikehoney.net. And in any case, expect me to contact you to say hello after I have received word you placed an order.

I look forward to making your acquaintance!

1A

Essentials Packets

The “Essentials” packets make your daily dose very simple. The “Body” (glycogen cell wall intact) and “Mind” (glycogen cell wall removed) are two forms of the same algae. The Acidophilus and Bifidus are probiotics, essential for digestive (and therefore immune system) well-being. Finally, digestive enzymes help your body to not just process, but fully assimilate *all* of the foods you eat. (Some people take *just* the Enzymes! They rock.)

30 packets per box

1 B

Individual Bottles

If pre-packed don't float your boat, order individual products from the very same "Essentials" line.

Algae Only: The "Body" and "Mind" are the truly basic algae products: two forms of the same algae. If nothing else, many people take just these (although some take the Enzymes only, as they contain some algae as well).

All Essentials: Order one each of all five bottles and you'll have the freedom to experiment with different amounts. (I personally take Body, Mind, and Enzymes ALL of the time, and do cycles of the probiotics, Acidophilus, Bifidus, and Spectrabiolic.)

Tablets or Capsules? Tablets are quite small and easy to swallow. Capsules (vegi) allow you to open them up and enjoy the taste, or add them to your food.

BG Bars, YUM! Throw in a box of BG bars for tasty, far-superior-to-most-food-bars, nutrition-on-the-go.

Nutrabeautiful Daily Moisturizing Lotion: Fortified with beta glucan, blue-green algae, aloe vera, and other organic ingredients. *Really* nice!

2

Decide on Membership

(How much you want to pay)

3 Choices

Easy: Retail

No obligation! Pay full price now; sign up as a member at a later time for discounts.

Example: \$63.00 for a box of Essentials, plus tax and shipping.

10% Off: "Preferred Customer" Membership

To get 10% off of retail prices, sign up for what is called "auto-ship." This means that you have an order on file with the company that is set to go out every month, bi-monthly, or quarterly.

Example: \$56.70 for a box of Essentials, plus tax and shipping.

20% Off: "Associate" Membership

To get 20% off retail prices, you must purchase a \$50.00 "Associate Kit" with your initial order (and renew annually). (Auto-ship is not required to enjoy the 20% discount. However, if you wish to receive commissions on others whom you refer, you are required to have a \$100 auto-ship on file.)

Example: \$50.00 for a box of Essentials, plus tax and shipping.

90-Day Money Back Guarantee

Pacific Time Zone Business Hours

Set in Klamath Falls, Oregon, the New Earth headquarters has many knowledgeable people ready to help you place your first order. As a not-giant company, they don't operate 24/7 phone operators, so you'll have to call during typical Pacific Time business hours.

Alternatively, email me and we'll work out what you'd like to order, and a time to conference call New Earth together, **fc@lifelikehoney.net**.

If you sign up for membership, Preferred Customer or Associate, the very next time you order you'll be able to do it via your new online account. (You can also manage your autoship in your online account.)

***Stay in touch!** I very much look forward to hearing about your algae experience!*
